

Day 5 DiNo Day

NAME

PRIMARY

LET'S CLEAR UP THE CONFUSION

The Bible gives us the truth about dinosaurs. God made dinosaurs on day six about 6,000 years ago. And they were "very good." (Genesis 1)

Draw a picture of Adam with a dinosaur.

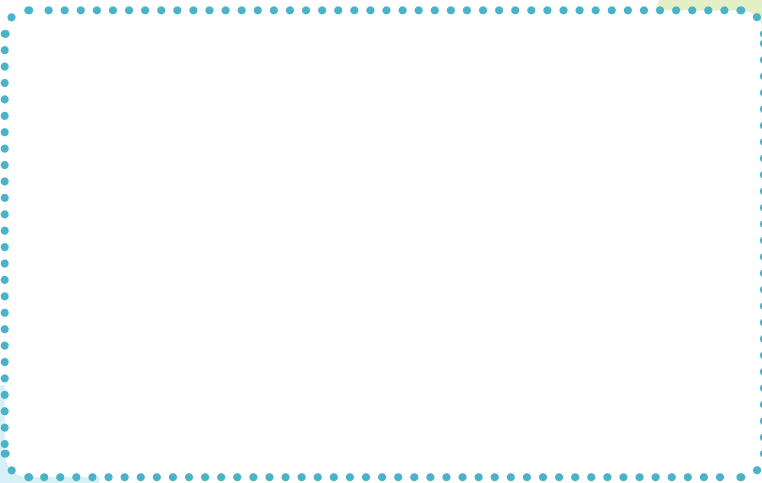

All animals and people ate only plants in the beginning. (Genesis 1)

Draw a picture of fruits and veggies a *T. rex* may have munched on in the beginning.

Draw a picture of dinosaurs entering Noah's ark.

After the flood went away and Noah's family and the animals came off the ark, they began to move to different parts of the world. Job was a man who wrote about a dinosaur (called "behemoth") he saw (Job 40). Some people drew pictures of the dinosaurs they saw.

After Adam sinned, the animals changed and began to eat each other. Soon, God judged the sin of mankind with a worldwide flood. God saved Noah's family and the animals on the ark. (Genesis 3-9)

Trace the picture of the animal that Native Americans drew on a rock. It looks like a dinosaur!

Eventually, like many other animals, dinosaurs died out (became extinct). Maybe they didn't have access to as much food. Maybe people hunted them too much. But there's no mystery when we use our BIBLE glasses to study dinosaurs!

**BEHEMOTH AND LEVIATHAN,
THEY LIVED AT THE TIME OF MAN!**

INCREDIVERSE

Behold, Behemoth, which I made as I made you. . . . He makes his tail stiff like a cedar.

Job 40:15, 17 (ESV)

★ Practice the verse a few times and then try the following challenge. Stomp around the room like a big dinosaur as you say each word of the verse.

GO! **and** **DO!** ➡

1

Dinosaurs can be used as “missionary lizards” to tell others about God and his truth. Share something about dinosaurs and God’s Word with someone today.

2

Read the descriptions of behemoth and leviathan in Job 40–41. What do you think they looked like, according to the descriptions?

3

Make a poster showing behemoth. He is thought to be a sauropod dinosaur. Write today’s memory verse on it.

4

Find out more about dinosaurs by visiting KidsAnswers.org/go/dino.

Ask yourself this question:
Will I tell others what I’ve learned
from God’s Word about dinosaurs
and all of his incredible creation?
