

Naomi House Needs

***NAOMI House is not accepting used clothing donations at this time. We appreciate your generosity and understanding.**

Facility & Support

| Need | Description |
|--------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| IMMEDIATE Couple - House Parents Married | <p>Do you have a christ-centered heart for Natite American children? Do you believe God gifted you to nurture and minister to these little ones who are the least among us? The NAOMI staff have been living out their call in our loving Christ-centered homes for abused and neglected Native Amerifan children for over 25 years. The would welcome you to join them as house parents.</p> <p>Perhaps this is not your call form God, but can still help by referring a married couple and by passing this request on to others including your church and all those in your sphere of influence. Please get the word out, pray for this need and follow God's leading for you.</p> <p>Contact Genevieve or John with replies, questions and suggestions. Thank you.</p> <p>Genevieve Skidmore, Executive Director genevieve@thenaomihouse.org John Meyer, President BOD jdmeyer43@gmail.com</p> |
| Staff | <p>If you feel led of the Lord to help us for a season, please pray about it, talk to your Pastor about it and then let us know! We are excited about our second campus opening soon which is in need of staff: house parents, nannies, cooks, facilities help.</p> |
| Construction | <p>To build 2 homes at the Ranch location. We are turning a very large all-purpose building into a Ministry Center with a kitchen, bathroom, sleeping loft and living room.</p> |
| Finances | <p>Since purchasing The Ranch, our financial obligations have doubled. In addition to the monthly needs, such as mortgage and utilities, The Ranch needs upgrading and new houses built.</p> |
| Raise Awareness | <p>NAOMI House wants to come to you! We have a burdnen to raise awareness for Native American Children in need. Since we are unable to post our children on social media or the web, it is very difficult to connect with potential partners. Our goal is to share NAOMI House's history, present condition and vision for the future with face to face interaction, explaining practical ways that people can become involved. Many people just don't know we exist or why, and we have a powerful story of HOPE to tell. Become a part of the growing NAOMI Tribe by hosting a gathering with your church, Bible Study, ministry, missions board, womens group/event or even in your own living room! Contact Genevieve at 928-587-5737 or genevieve@thenaomihouse.org.</p> |
| Prayer | <p>Our greatest need is always prayer. Our ministry reaches deep into some of the darkest places of satan's domain. Our battles are constant! We desperately need your prayer.</p> |
